

CORAL SURFACE™

2191.03-06-02-01-02

Inspired by branching undersea botanicals, Coral Surface™ creates modern pathways of light. Glowing nodes dot across walls or ceilings with mechanical chain-like connection points. The irregularity of the framework enhances the organic, free-flowing character of this family which includes a three-light module and larger customizable layouts. Finished in Satin White or Bright Satin Aluminum, this expandable system illuminates residential, hospitality, and commercial environments.
