

CHAMPAGNE BUBBLES

2962.01

Light dances through a dazzling array of glass crystal spheres in the Champagne Bubbles family. The LED illumination within each orb becomes refracted and diffused as it bounces through the seeded glass. Available from a single light to multi-light pendants, this family is capable of providing a sweet spotlight or a cascading composition of droplets at various heights. Finished in Polished Chrome, Champagne Bubbles brings a sense of effervescence wherever it is placed.
